Worked Too Well.

A hotel proprietor, noticing that some of his customers were evidently trying to eat their suppers in the shortest possible time, lest they should miss the boat which was waiting at the wharf, thought it would be funny to frighten them. Accordingly he went into a back room and gave a remarkably perfect imitation of a steamboat's whistle. The joke worked well. The men heard the sound and rushed to the boat. The joker laughed long and loud until suddenly it occurred to him that the men had gone off without paying for their suppers. Then he stopped laughing—London Town and Country Journal

EVERYBODY INVITED

Free! Free!  
To the Sick and  
Ailing Everywhere

THE CURE FOR YOUR DISEASE  
Delivered Free—Free for the  
Asking—Free to You.

To the sick—the suffering—to every man, woman and child—a cure for organic disease—local trouble or broken health—Dr. Kidd's offer of free treatment is given in the absolute faith and sincere belief that they can and will stop disease, cure it and lift you up again to health and vigor. There is no reason why you should not get well if you will only bring your case to the free treatment of these wonderful remedies, no matter what your doubts may be.

I want the Doubters

I want to give them the proof—the evidence and the glory of new life in their own bodies—and I want to pay the cost of this proof—all of it—to the very last cent—myself.

I have put my life into this work—I hold the record of thousands of cures—not "remedies"—but thousands of desperate sufferers, hearty and strong and big and well; and their letters are in my hands to prove every word I say. Stomach, liver and bowels, catarrh, diseases of the bladder and prostate gland, nervousness, all female troubles, weak lungs, asthma, bronchitis and chronic coughs, all skin diseases, scrofula, impure blood, partial paralysis, piles, heart disease, lumbago, anaemia, obesity, gout, general debility are cured to remain and continue cured.

No matter how you are, no matter what your disease, I will have the remedies sent to you and given into your own hands free, paid for by me and delivered at my own cost.

These Remedies Will Cure

They have cured thousands of cases—nearly every disease—and they do cure and there is no reason why they should not cure you—make you well—and bring you back to health and the joy of living. Will you let me do this for you—will you let me prove it—brother and sister sufferers? Are you willing to trust a master physician who not only makes this offer, but publishes it and then sends the test and proof of his remedies without a penny of cost to any one except himself?

Send your name, your Post Office address and a description of your condition, and I will do my utmost to satisfy every doubt you have or can have that these remedies will save your life and make it all that nature meant to make it.

Let me make you well. Give me your name and tell me how you feel, and the proof treatment is yours, at my cost.

No bills of any kind—no paper—nothing but my absolute good will and good faith. DR. JAMES W. KIDD, 455 Kidd Building, Fort Wayne, Ind.

NOTE—We know personally Dr. Kidd and know that his methods and his offer are exactly as represented in every respect. Our readers should take advantage of Dr. Kidd's generous offer.

## WORTH MOUNTAINS OF GOLD

During Change of Life,  
says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

## AT PITTSBURG WEDNESDAY

Fistic Engagement at Duquesne  
Garden in the  
Evening.

Fistic fans in Pittsburgh, and in fact, the sporting public in general, are awaking to the fact that Wednesday, June 30, is to be a memorable day in that old burg. Not only are the great new ball grounds to be opened on that date, and the world's champion clubs to be seen, but another world's champion, one Jack Johnson, is to be an added magnet of public interest in his six-round bout with Tony Ross.

During the last three months, since Pittsburgh took her place on the pugilistic map, there have been some great old crowds in Duquesne Garden, but the officers of the National A. C. declared yesterday that there is every indication that the one next Wednesday night will make the others fade into insignificance. It is figured that there will be 30,000 visitors in the city on that day, the cheap fares on the railroads inducing these. As the rates are good for two days, it is figured that at least fifty percent of these will not miss the chance to see so important a fistic engagement as this one will be.

In order to take care of the great crowds, the National Club has installed 2,000 circus seats, which added to the capacity of the Garden will go still further to enhance its reputation as the greatest fighting arena in the country. The advance sale of seats has started and already the National Club has a large order list on file at its office in the big auditorium.

## Ruined Equipment.

Because a contractor who is constructing a State road near Avella, in Independence township, refused to employ their husbands, a bunch of Italian women, it is alleged, destroyed his equipment. When the contractors arrived on the work yesterday morning they found plows, scoops and carts piled up in fragments and other equipment dumped over an embankment. The men, whose wives were fighting, wanted \$2 a day, while imported workmen were employed at \$1.50.

## Notice to Teachers.

## CHRISTIANS BEAT PRESBYTERIANS

Church League Game Last  
Evening Best One  
Thus Far.

The Christians in the church baseball league defeated the First Presbyterians in a pretty game last evening at the baseball park by the score of 6 to 4. The game was featured by the consistent hitting of both teams. The Presbyterians scored three of their runs in the first inning on four hits. In the seventh they rallied and things looked dangerous for the Christians but fast playing shut them off. The Christians got theirs in the third, fifth and sixth innings.

The Lutherans and Christians will play on Tuesday night and a good game is looked for. The score:

Twice-told and well confirmed. John A. Leunox, 230 Gregg St., Monaca-hela City, Pa., says: "In the summer of 1897 I was troubled a great deal and had been for three years by severe pains in my back and through my shoulder blades. My kidneys were also disordered and this a t was made evident by the unnatural condition of the kidney secretions. I was constantly on the lookout for a remedy that would relieve me and when Doan's Kidney Pills came to my attention, I procured a box. They cured me and I am glad to recommend them to others." (From statement given May 18, 1904.)

## CONFIRMED PROOF.

## Exposure to Wet,

dampness and cold, results in a sudden chill. Take a teaspoonful of Perry Davis' Painkiller, in half a glass of warm water or milk. The whole system will be heated and the danger of cold avoided. Two million bottles are sold every year and this after seventy years in use. There is the new and economical 35 cent size and also the 50 cent size.

## Seventy Years Old.

Rheumatism and neuralgia yield their pain to Perry Davis' Painkiller—so do sprains, burns, bruises. It cures colds, colic, diarrhoea. For seventy years it has been doing good. If it's used early suffering is averted and danger avoided. A 35 cent bottle is the new size; but a 50 cent bottle is really the cheapest—it holds so much more.

## MEMBERS OF CLASS OF '09 RECEIVE THEIR DIPLOMAS

Douglas Business College Commencement at the School Hall Last Evening--Rev. Boblitt Addresses Class.

Beautiful graduation exercises were held in School Hall last evening by the class of 1909. Douglas Business College. The class, which was one of the largest ever graduated from a Charleroi school, made a fine appearance, the simplicity of the white gowns of the female members of the class, forming a contrast with the somber black of the male members. The invocation was spoken by Rev. G. G. Kerr, pastor of the Washington Avenue Presbyterian church. The Schubert quartet furnished the music, being encored after each appearance. Miss May Barth, a member of the graduating class, played a piano solo, following the valedictory, rendering "Polonaise" from Chopin, Op. 40 No. 1.

Mary Edna McMaster, the valedictorian, extended a welcome to the guests to the commencement. She spoke on the subject of "The Lotus Eaters." As is well known there is a legend that the eating of lotus will cause sleepiness and forgetfulness. Rev. Boblitt said he hoped for much in the class of 1909 and urged against partaking of the "Lotus" leaf of life, saying that unless they were constantly on the lookout for and ever eager to grasp opportunities that came their way, success would not be theirs. He said that nothing worth while is done unless we are willing.

The presentation of diplomas was made by Prof. Warren Douglas, the president of the school. He also presented to the college a cup won for the third time for the best work of the five colleges in shorthand and typewriting.

## STRIKE AVERTED TEMPORARILY

Pittsburg Railways Company and its Employees.

The threatened strike of the employees of the Pittsburg Railways company will in all probability be very amicably adjusted. A conference last evening between the company officials and a committee representing Division No. 55, Amalgamated Association of Street and Electric Railway employees, it was decided to arbitrate the matter. This is taken as meaning a settlement.

## HOT CONTEST FOR COUNTY CHAIRMAN

Two Candidates in the Field at Present and Working Hard.

## SECRETARY FIGHT IS ON

A hot contest for county chairman is in prospect at the meeting of the Republican county committee at Washington Monday. Two candidates are in the field, and the chances, so far as learned, are about even. These are Richard G. Miller, Esq., and B. E. McCracken, Esq., both of whom are from Washington. While the contest, so far as the candidates are concerned, is only personal, certain elements in the party are working hard to stir up a factional fight. In this however, they are not likely to be successful, no matter which of the candidates is elected.

The other officers of the county organization to be chosen are secretary and treasurer. There is also a contest on for secretary that is almost as interesting as that for the chairmanship. Isaac W. Baum, Esq., the present secretary, is a candidate for re-election. He is opposed by E. O. Mikesell and Erwin Cummins. All three are active young Republicans, and the contest is likely to be a warm one. George Lockhart, one of the old party-war horses, has no opposition for treasurer this far.

There are 132 members of the county committee--one from each voting precinct. Owing to various causes many vacancies occur, and it is said that 65 votes will be required to elect if there is a full turnout. The convention Monday is likely to attract all the leading politicians of the county, and much interest is manifested in the coming contests.

Mr. Sheldon in discussing his plans said operations would be commenced on North Morris street under the guidance of Superintendent of Construction Crockett of Detroit.

James L. Rush, a well known Greene countyman, was elected a member of the board of directors of the new road at a meeting held in McKeesport.

## LAD DROWNS IN SIGHT OF PLAYMATE

Son of Superintendent Her-ron of Black Diamond Finds Death In Rivers.

## BOYS UNABLE TO SAVE HIM

Thirteen-year-old Frank Herron of Monongahela met a tragic death in the murky waters of the Monongahela river last evening. He was drowned with-in full sight of several companions with whom he had been swimming a few minutes before.

Just before dusk Herron with his playmates went for a swim in the river near the Catsburg tippie. The lads emerged after about an hour's sport. They seated themselves on the abutment under the tippie to rest after their exertions. While laughing and chattering gaily and slowly dressing Herron's friends saw him suddenly faint and fall backward into the river. Before the boys realized what had happened young Herron was past help.

Word was at once spread among the residents of the town. The river was dragged and at 8 o'clock, an hour after the fatal plunge had been taken, the lifeless body was recovered.

Francis Herron was a son of Matthew Herron, superintendent of the Catsburg and Black Diamond mines of the River Coal company. The parents and eleven brothers and sisters survive.

## TO CELEBRATE ANNIVERSARY OF DEDICATION

Methodists Will Hold Special Services Sunday Morning and Evening.

## REV. MOORE THE SPEAKER

The Methodist Episcopal church will tomorrow hold special services, as a celebration of the second anniversary of their dedication of the church. A good program has been arranged for both morning and evening.

The speakers at both services will be Bishop David H. Moore of Cincinnati, Ohio. Dr. Moore is widely known, having had charge of the denomination in the far east a number of years. He is thoroughly familiar with eastern questions, and witnessed the first battle of the late war between the Russians and Japanese. Not only will Dr. Moore be here on Sunday but on Monday night he will lecture also. Music will be furnished by the Sunday School orchestra and the choir.

Miss Olive McCormick of Pittsburg will be the soloist.

## Quarrel Over Water Service.

On a charge of disorderly conduct and fighting on the streets D. H. MacDonald and William Darby, Jr., were arrested this morning, and will have a hearing later. It is said that they had a quarrel over the shutting off of water, Mr. Darby being superintendent of the local water office and that words led to fist fights.

## Card of Thanks.

Mr. and Mrs. Charles Pfabe wish to thank Rev. Frantz and their friends and kind neighbors for their sympathy shown towards them in their sorrow in the death of their little son.

## COUNCIL TAKES UP MATTER OF NEW GARBAGE WAGON

Garbage Committee Now Has Charge, and Will Investigate--Baseball People Want Fair.

Council at their meeting last night took up the matter of furnishing a new garbage wagon for the town, realizing that the complaints of the people in the matter deserve consideration. After some discussion of the matter it was placed in the hands of the garbage committee to investigate as to the real needs and the cost of procuring a wagon of the best and latest design. A report will be made later to council, and action taken. It is probable that something will be done to better the conditions.

A committee was appointed at the instance of some of the baseball men of town to confer with a committee appointed by the guarantors, concerning the holding of a valley fair. The relinquishing of the franchise left the question of this club in a help, and it is planned to hold this fair to help out the finances. It is said that the fair would not resemble in any way a carnival. The committee will probably report at the next meeting. Joe Ward, one of the dog catchers, was present, and stated that people did not respect his vocation, and that he was often mistreated. Council will keep the matter in mind and in accordance with the action taken at a recent meeting, will stand behind this official. The ordinance for the sidewalk grade on Lincoln avenue between First and Second street passed third reading.

## OPENING OF NEW BASEBALL PARK

Notables Will be Present at First Game Next Wednesday.

Forbes Field, the magnificent million dollar baseball park and Stadium built by Barney Dreyfuss, president of the Pittsburg Baseball Club, at the main entrance to Schenley Park, Pittsburg, will be opened to the public on Wednesday, July 7.

Mayor W. A. Magee, Congressman Burke, Barchfield, Tener and Graham and many prominent members of the judiciary have accepted invitations to be present. Senator Penrose, Senator George T. Oliver and Gov. Stuart have also been invited.

Mayor W. A. Magee will conduct the opening exercises, which will begin at 2:30 p. m. The Forbes Field pennant and the American flag will be raised, and at 3:30 will begin a championship game between the world's champions and record-breakers of Chicago and the Pittsburg team. One of the features of the event will be the presence of many former stars of the diamond and former members of the Pittsburg team. This will include A. G. Pratt, Sheriff Addison C. Gumbert, Deputy Sheriff Edward Swartwood, Congressman John K. Tener, Dr. Mark Baldwin, John Glascock of Wheeling, and many others.

For July 1, 2 and 3 Chicago will be the attraction at Forbes field. On Monday, July 5, when Independence Day will be celebrated, there will be two games with Cincinnati; one at 10:30 in the morning and the other at 3 p. m. Cincinnati will also be Pittsburg's opponent on July 6. Dedication week will end July 7, with another game with Chicago.

Every person who has seen Forbes Field and this includes many who have visited the other great athletic fields of the world, declare that it is the finest in existence, extolling the Stadium at London where the Olympic games were held last year. Martin Sheridan, the world's champion, is one authority for this statement.

Harriet Speelman of the Salvation Army, Rescue and Maternity Home at Bellevue made an address. In addition to this Miss Lillian Jones rendered a solo, Miss Nelle Rylands gave a reading and the girl's quartet rendered a selection. A dainty repast was also served.

## Remedial Loans.

Investigation of the chattel and loan companies by the Pittsburg Chamber of Commerce show that the charges of extortion and harshness on the part of those companies doing business in the city are sustained. Rates ranging from 80 to 150 per cent a year were common instances. Without having actual figures as to the amount of loan business done annually in Pittsburg the volume is very large. At least \$25,000 a year is spent by Pittsburg loan companies for advertising. This figure is used as an index of the large amount of business done. The methods of the loan companies are generally uniform. Payments are required to be made in monthly installments, and if the borrower is unable to pay foreclosure and execution is the usual result.

The success of the remedial loan association movement in the United States which at the present time is represented by sixteen loan companies in successful operation in as many cities of this country has attracted attention. These remedial loan companies lend money at rates of interest far below the rate charged by the average loan shark, and are able not only to pay fair dividends on their investments, but to do a large volume of business without resorting to harsh treatment. The formation of a similar loan company in Pittsburg is urged to compete with the loan sharks. The Chamber of Commerce committee is continuing its investigation, and will make a special study of the success of the remedial loan associations in other cities.

## Sugar vs. Alcohol.

The role and importance of sugar as a rapid reliever of fatigue is one which we are only just beginning to

appreciate, and which goes surprisingly far already, says Woods Hutchinson in the current number of Success. It has been incorporated into the most hardheaded, cold-blooded, matter-of-fact diet on earth, the German army rations, especially the "forced-march" emergency ration. No other food of its bulk can take its place.

It is the belief of careful observers of men, particularly in the tropics, that the larger the amount of sugar, and sugar containing foods they are supplied with the less alcohol and other stimulants they will crave. For instance, the United States Government now buys the best and purest of candy by the ton and ships it to the Philippines, to be supplied to the canteens and messes, finding that its use diminishes the craving for native brandy; and it has long been a matter of comment from thoughtful observers that the amount of drunkenness of a race or class is in inverse ratio to the amount of sugar it consumes.

## A Sane Fourth.

The Medical Society of Pennsylvania has adopted resolutions advocating safe and sane Independence Day celebrations, and is endeavoring to interest in a systematic way, the municipal governments, as well as to create a strong sentiment for more rational methods of celebration throughout the country. The statement and resolutions adopted by the society are as follows:

In the last five years preceding the present year the number of injuries in the United States occurring as the result of Independence Day celebrations was 23,678; of this number 1,153 resulted fatally. Of these injuries, 245 occurred in Pennsylvania, the fatalities reaching 172. The statistics of 1908 are 5,823 for the United States with 163 fatalities; for Pennsylvania 97, with 21 fatalities.

These figures have been gathered by the American Medical Association and can be considered fully reliable. They do not call for comment, but justify the Medical Society of the State of Society of the State of Pennsylvania in resolving:

First—That it goes on record as totally condemning a method of exhibiting so-called patriotism, which is so reckless of human life and health.

Second—That it appeals to all existing powers of legal restraint for the suppression of this evil, among which it recognizes State and municipal authorities, including health boards.

Third—That it appeals also to the moral sense of the people at large and to the moral and professional responsibilities of the individual practitioners of the State.

The society claims that no additional legislation is necessary to secure a safe Fourth of July. There are sufficient laws on the statute book to meet all requirements, and it is up to the municipalities to enforce them, instead of relaxing the regulations which results in annually killing and maiming thousands of people.

## GIFT OF LANGUAGE.

Advantages of the Man Who is Able to Talk Well.

There is no other one thing which enables us to make so good an impression, especially upon those who do not know us thoroughly, as the ability to converse well. A man who can talk well, who has the art of putting things in an attractive way, who can interest others immediately by his power of speech, has a very great advantage over one who may know more than he but who cannot express himself with ease or eloquence.

You may be a good singer, a fine artist, you may have a great many accomplishments which people occasionally see or enjoy, you may have a very beautiful home and a lot of property which comparatively few people ever know about, but if you are a good converser every one you meet recognizes and appreciates your art. Everybody you converse with feels the influence of your skill and charm.

In other words, there is no accomplishment, no attainment, which you can use so constantly and effectively which will give so much pleasure to your friends as fine conversation. There is no doubt that the gift of language was intended to be a much greater accomplishment than the majority of us have ever made of it.—Orison Swett Marden in Success Magazine.

## ROOT JUICE IS COMING HERE

The Great Remedy is Proving  
a Wonderful Blessing to Many  
People.

If the many rumors that are circulating are true, Root Juice is destined to prove a great blessing to the community. The Root Juice will soon be here and it is hoped that the discovery will do the same good at this point as it is reported at other places. Many reports of wonderful cures the discovery has made are being circulated. A traveling man said to the reporter of this article: "While in Ft. Wayne, Ind., I had occasion to go to the drug stores, and while there a man came in and bought six bottles of Root Juice. While it was being wrapped up, the man said, 'Every sick person in my neighborhood has used the juice, and it seems it has cured them all. I am the last person to be convinced.' After the man left the druggist remarked, 'Root Juice is the greatest medicine on earth. People come in here and get few bottles and in a few weeks they stop coming and when I see them they say they are cured.' When asked what it cures, he said, 'It seems to cure any trouble of the stomach, bowels, liver and kidneys. It is a wonderful remedy for indigestion and constipation, but it is equally as good for rheumatism and weak, nervous people.' It is said that the drug store is usually crowded from the very first day at every point the scientist is induced to start a demonstration."

The great remedy will be in Piper Bros. drug store next Saturday. The Root Juice is \$1 a bottle or three bottles for \$2.50.

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Pa.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Pa.

No other medicine for women's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

The Summer School, Wash-  
ington and Jefferson College.

Opens on Monday, June 28th. The summer session is open to both sexes. Courses offered in subjects preparatory to college and to county and borough examination. ## AT PITTSBURG WEDNESDAY

Fistic Engagement at Duquesne Garden in the Evening.

Fistic fans in Pittsburg, and in fact, the sporting public in general, are awaking to the fact that Wednesday, June 30, is to be a memorable day in that old burg. Not only are the great new ball grounds to be opened on that date, and the world's champion clubs to be seen, but another world's champion, one Jack Johnson, is to be an added magnet of public interest in his six-round bout with Tony Ross.

During the last three months, since Pittsburg took her place on the pugilistic map, there have been some great old crowds in Duquesne Garden, out the officers of the National A. C. declared yesterday that there is every indication that the one next Wednesday night will make the others fade into insignificance. It is figured that there will be 30,000 visitors in the city on that day, the cheap fares on the railroads inducing these. As the rates are good for two days, it is figured that at least fifty percent of these will not miss the chance to see so important a fistic engagement as this one will be.

In order to take care of the great crowds, the National Club has installed 2,000 circus seats, which added to the capacity of the Garden will go still further to enhance its reputation as the greatest fighting arena in the country. The advance sale of seats has started and already the National Club has a large order list on file at its office in the big auditorium.

## Ruined Equipment.

Because a contractor who is constructing a State road near Avella, in Independence township, refused to employ their husbands, a bunch of Italian women, it is alleged, destroyed his equipment. When the contractors arrived on the work yesterday morning they found plows, scoops and carts piled up in fragments and other equipment dumped over an embankment. The men, whose wives were fighting, wanted \$2 a day, while imported workmen were employed at \$1.50.

## Notice to Teachers.

The Twilight school board will meet June 29 to elect three teachers for a term of seven months at \$50 per month.

## CHRISTIANS BEAT

### PRESBYTERIANS

Church League Game Last Evening Best One Thus Far.

The Christians in the church baseball league defeated the First Presbyterians in a pretty game last evening at the baseball park by the score of 6 to 4. The game was featured by the consistent hitting of both teams. The Presbyterians scored three of their runs in the first inning on four hits. In the seventh they rallied and things looked dangerous for the Christians but fast playing shut them off. The Christians got theirs in the third, fifth and sixth innings.

The Lutherans and Christians will play on Tuesday night and a good game is looked for. The score:
